

REMARKS/ARGUMENTS

The specification and claims have been amended in an endeavor to avoid the various objections with respect to spelling and grammatical errors. Claims 2, 5-7 and 9-12 are indicated as containing allowable subject matter. The remaining claims are rejected for various reasons.

In order to advance the prosecution of this application, the subject matter of claims 2 has been introduced into claims 1, 3, and 8. In view thereof, it is submitted that these claims and the claims dependent thereon, are restricted to allowable subject matter. Withdrawal of the rejections and allowance of the application are therefore respectfully requested.

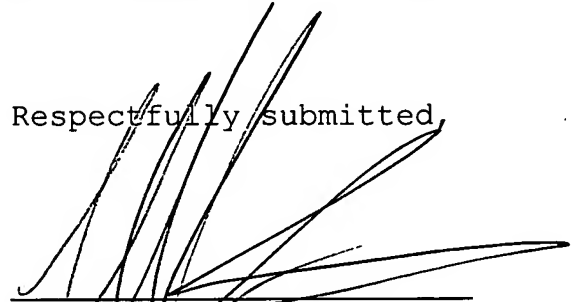

Drawings have been designated as "PRIOR ART" as suggested by the Examiner.
